

MTANZ Manufacturing & Export Award 2019

We invite you to enter your company in the **Medical Technology Association of New Zealand (MTANZ) Manufacturing & Export Award 2019**.

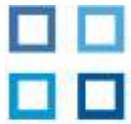

The Medical Technology Association of NZ believes in celebrating exciting medical technology innovation that changes the lives of patients. The new MTANZ Award is to recognize excellent innovation in the NZ medical technology manufacturing industry. This is distinct from the MTANZ Innovation Award which is open to international companies and NZ-owned distributor companies that trade in New Zealand.

Through this award MTANZ seeks to reward those who achieve outstanding results by the introduction of New Zealand manufactured medical technology into the New Zealand and/or international markets.

Member companies and employees can self-nominate by addressing the criteria relevant to this category. The submissions are then critiqued by a panel of independent judges.
