SPONSORSHIP PROSPECTUS

26-27 June 2023

medical technology
ASSOCIATION OF NEW ZEALAND

We invite you to join us for our annual HealthTech Conference.

The MTANZ conference provides an important forum for medical device suppliers in New Zealand to discuss the significant changes facing our industry. Some of these changes are already taking place with the health reforms altering 'business as usual' for suppliers and Pharmac taking on a greater role in medical device management.

We also have the proposed Therapeutic Products Bill legislation which will potentially introduce an onerous and expensive regulatory system for medical devices in NZ. Add to this a general election in October 2023 with a possible change of government and we have the makings of another challenging 12 months for industry.

The HealthTech Week conference will provide participants with information and guidance to ensure industry can navigate these changes effectively and opportunities to join in advocacy efforts.

These are some of the sessions you can expect to see at HTW23:

General Election

Representatives of NZ's major political parties giving a summary of their health policies and key focus areas for the NZ election in 2023.

Health Reforms, a year in review

- The CEO of Te Whatu Ora/Health NZ giving an update on progress 12 months post health transition.
- The Director of Procurement and Supply Chain (P&SC), Te Whatu Ora providing an update on new national P&SC structures and forward planning as well as joint work with Pharmac.
- The Te Whatu Ora Chief Data and Digital Officer giving an update on progress 12 months post health transition including the Health System Catalogue and HiRA.

Therapeutic Products Bill (TPB)

An update on TPB progress and the potential impacts on medical device industry.

Pharmac

A facilitated session with Pharmac, giving members the opportunity to ask their burning questions anonymously.

Innovation

Examples of healthtech innovation that seek to address health inequities.

Member only sessions

Open and frank discussions on the key issues facing the medical device industry and actions that should be taken by MTANZ and members.

SPONSORSHIP

As requested by members, this year we are providing opportunities for Sponsors to engage directly with key health sector stakeholders such as Members of Parliament and Senior leaders from Te Whatu Ora and Pharmac to showcase your company's technology.

This year we have included a Showcase exhibition in the sponsorship packages as the MTANZ team will be escorting these key health influencers around the stands at designated times. The key stakeholders may be subject to change but currently include the following:

- The Minister of Health, Dr Ayesha Verrall (subject to her priorities on the day)
- Dr Shane Reti, Health Spokesperson for the National Party
- Brooke Van Velden, Health Spokesperson for the ACT Party
- Labour Party Health Spokesperson (TBC)
- Greens Party Health Spokesperson (TBC)
- Lisa Williams (and team), Operations Director, Pharmac
- Chris Morgan, Director of Procurement and Supply Chain (P&SC), Te Whatu Ora
- Some of the new P&SC General Managers (TBC)

We are only offering this unique opportunity to MTANZ members or Sponsors of the conference.

In addition, we would like to provide Sponsors with opportunities to increase their visibility by introducing speakers, becoming panel members or moderating sessions. This can be further discussed during the conference planning process but could include introducing the Minister of Health or Members of Parliament, being a panel member in the political or regulatory sessions or introducing the CEO of Te Whatu Ora for example.
