PROUDLY PRESENTED IN ASSOCIATION WITH :

Invitation

We invite you to consider providing sponsorship for our symposium.

This symposium will be held on **Friday 3rd & Saturday 4th October 2025 in Christchurch.**

The New Zealand College of Primary Health Care Nurses (NZCPHCN), (NZNO) are collaborating in this initiative to provide the opportunity to celebrate the very significant contribution and diversity of practice that primary and community health care nurses make to the delivery of primary health care (PHC) in a variety of roles and settings throughout the country.

Symposium Theme:

"Protecting our future in Primary Health – Stronger together"

Mehemea ka moemoeā ahau, ko ahau anake

Mehemea ka moemoeā tātou, ka taea e tātou.

(If I dream, I dream alone. If we dream as a collective, we can achieve our dream)

Na, Princess Te Puea Herangi

At this symposium, we aim to acknowledge the significant challenges encountered by nurses in the healthcare sector over the past two years, and to recognise their ongoing substantial contributions during this unprecedented period. The focal points of our discussions will

- encompass the future of PHC and the well-being of our nursing workforce
- the pursuit of equitable care provision for diverse demographic groups and
- the role of nurses in advancing environmentally sustainable healthcare practices.

NZCPHCN are excited to bring 120+ Nurses and Nurse Practitioners (NP) together for a day of education, networking and celebrating the achievements of nursing within primary health care.

Why Sponsor?

As a sponsor of the symposium, you will be given the opportunity to raise the profile of your organisation and expand your networks to over 8,000+ nurses working within NZ's primary and community health care sector. Sponsorship funds are a vital component in any symposium. It allows registration fees to be set at a level that encourages attendance and assists in providing what we expect to be a truly memorable event.

All sponsors will be acknowledged in our programme and marketing materials, including social media and post-symposium information.

We appreciate your consideration of this invitation and look forward to discussing this opportunity with you to support our symposium.

Kind regards

T. Morgan

Who we are

NZNO (New Zealand Nurses Organisation/Tōpūtanga Tapuhi Kaitiaki o Aotearoa) has a history going back to 1905 when nurses in Wellington formed the Wellington Private Nurses Association. The Wellington nurses sparked the creation of other nursing associations throughout the motu/country, and the Trained Nurses' Association began in 1909. Over the years, the growth and influence of the Trained Nurses' Association continued, and in 1993, the Trained Nurses' Association amalgamated with the NursesUnion to establish NZNO.

From those humble beginnings, NZNO now has over 55,000 members and is the leading professional body for nurses in Aotearoa New Zealand. Members include nurses, midwives, students, kaimahi hauora, health care workers and allied health professionals.

The NZ College of Primary Health Care Nurses (NZCPHCN), NZNO is a specialty professional group of NZNO, providing leadership, support, education and professional development for Primary Health Care (PHC) Nurses in Aotearoa.

We aim to promote and support Primary Health Care nursing and increase the profile of primary health at a national and global level.

Our vision is to be the national voice for Primary Health Care nursing, that collaborates across health sectors and provides prompt advice to those who require it.

MTANZ Code of Ethics

All exhibitors must adhere to the guidelines of the MTANZ Industry Code of Ethics 2021 (and amendments). A copy of the Code of Ethics can be viewed [here](#).

Ethical standards and compliance with applicable laws are critical to the medical technology industry's ability to continue its successful collaboration with healthcare professionals.

A close relationship between suppliers and the clinician is a key element in the innovation and development of medical technology products. This close relationship is a positive for patients who are the ultimate beneficiaries of advanced medical technology. However, this close relationship does require a clear understanding of ethical behaviours by both parties.

In particular when exhibiting at a MTANZ organised conference, clause 5.10 'Gifts to Healthcare Professionals' must be adhered to. This clause states the following:

- A company should ensure that sales of Medical Technology are made solely on the basis of efficacy, safety, quality, price and service and never on the basis of a Healthcare Professional receiving payments, gifts or Hospitality.
- Companies may not:
 - o provide Healthcare Professionals any type of **branded or non-branded promotional items** (e.g. pens, notebooks, tote bags), even if the item is of minimal value and related to the Healthcare Professional's work or for the benefit of the patients.
 - o provide Healthcare Professionals with gifts, including gifts of cash, food, wine or spirits, gift baskets, gift cards/certificates or flowers.
 - o accept a gift from a Healthcare Professional which is beyond the level of what is reasonable and customary in the circumstances of the relationship.
- A company may:
 - o occasionally provide a Healthcare Professional with an educational item that benefits patients or serves a genuine educational function for the Healthcare Professional provided the item has a fair market value of less than \$100, except in the case of medical textbooks or anatomical models.
- For the avoidance of doubt, this clause does not preclude the legitimate practice of providing to Healthcare Professionals appropriate samples of Medical Technologies for genuine training, educational or Medical Technology evaluation purposes (generally in a clinical setting).
